

CTU'S PUEBLO CAMPUS ANNOUNCES PROMOTION OF JOHNSON TO ASSISTANT DIRECTOR OF ADMISSIONS

PUEBLO, Colo. (Dec. 17, 2008) – Colorado Technical University (CTU) recently announced the promotion of Sharon Johnson to Assistant Director of Admissions for its Pueblo campus.

Johnson, who joined CTU as an admissions advisor in Dec. 2006, will take on extra responsibilities in management, leadership and team growth while continuing to serve as an advisor to the 300-plus student body.

“Sharon has done a fabulous job changing students’ lives,” said Beth Braaten, CTU Vice President of Admissions. “She has strong communications skills, a desire to assist students and fits into our CTU culture. Sharon has been a great addition to our team.”

Johnson, a graduate of Colorado State University-Pueblo, brings a wealth of experience to her new position.

Prior to CTU, Johnson gained years of valuable experience in special events, corporate and community relations, marketing, promotions and sales – all of which play important factors in the multi-faceted world of advising.

“I’ve always been an individual who has wanted to grow and have the ability to change,” Johnson said. “This was the next step for me, to grow both personally and professionally.”

“But at the end of the day, it’s all about the students; what a great opportunity it is to be in a position where I can help students achieve their dreams. That’s my biggest joy. Now, I’m taking that a step further.”

CTU’s Pueblo campus, located in Midtown Center at 1025 West 6th St., offers degree programs in the fields of business and management, criminal justice, information systems and technology and health sciences.

About Colorado Technical University

Since 1965, Colorado Technical University (CTU), an institution of higher learning that provides career-oriented education by teaching applied industry programs, has provided students with a pathway towards personal, academic, and professional advancement. CTU offers degree-track programs at the associate, bachelor's, master's, and doctoral levels in a variety of disciplines.
