MS in Systems Engineering	48	\$460	\$22,080	\$42

**Active Duty, Reserve, & National Guard military personnel serving in the U.S. Armed Services**  
Effective February 1, 2017

**NOTES:**

1. Tuition rates are for all Active Duty, Reserve, and National Guard military personnel serving in the U.S. Armed Services, and their eligible spouses. Military tuition rate cannot be combined with any other CTU scholarships/grants.
2. For all students eligible for the military tuition rate, the course materials charge will be posted to a student's account once each term only, after the add drop period. The charge will then be waived, resulting in no net cost to the student. Course materials charges are derived by taking a weighted net average cost per course multiplied by the number of courses in the term. The average cost of course materials varies by degree type.
3. Total tuition is based upon the total number of credits in a degree program plus any applicable fees, excluding course materials subject to applicable waivers. The total number of credits taken at Colorado Technical University may vary due to transfer credits, block transfer, or repeated courses. Students possessing an earned Associate degree from an accredited institution at the time of admission to Colorado Technical University may be eligible for a block transfer of credits into select Bachelor degree programs. See the Degree Programs section of the catalog for descriptions of the degree programs.
4. Program tuition is charged per credit hour at the beginning of each term throughout the student's program. Each academic term is 11 weeks, and includes two 5 1/2 week sessions.
5. The university reserves the right to increase institutional tuition rates during the course of an academic year. As such, a student's financial aid packaging may be subject to adjustment to account for these monetary changes.

Students may be required to complete some coursework for the program via online delivery.

A \$1,000 non-refundable Doctoral Symposium Fee is charged to a student's account each term in which a student is registered for symposium. This fee covers administrative costs such as conference rooms, AV equipment, academic event materials, and supplies that are associated with the symposium event. Please see the Doctoral Symposium section of the catalog for more information.

CTU cannot guarantee employment or salary. Find disclosures on graduation rates, student financial obligations and more at [coloradotech.edu/disclosures](http://coloradotech.edu/disclosures). Not all programs are available to residents of all states.
