## Withdrawal and Refund Policy

Colorado Technical University prefers that notifications of withdrawal or cancellation be made in writing and addressed to the Director of Education or initiated using the Colorado Technical University Registration Drop-Add form. The Drop-Add form is available outside the registrar's office. Students' written notifications of withdrawal or cancellation (from one or more courses) provide an accurate record of transactions and also ensure that such requests are processed on a timely basis.

The "official date of withdrawal" is the date on which the student notifies the school either in writing or orally of his/her intent to withdraw. If no official written or oral notification is given, the school determines the date the student has withdrawn which is based upon the attendance policy in the catalog.

Colorado Technical University is committed to fair treatment of all students. Individuals who find it necessary to officially withdraw from one or more courses at Colorado Technical University due to extenuating circumstances may be considered for a refund of a portion of the tuition for the current quarter.
