Campus Security Information and Disclosures for Prospective Students and Employees

CAMPUS SECURITY INFORMATION

The school prepares a report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (Clery Act). This report is prepared in cooperation with local law enforcement agencies. Nothing in the law shall be construed to permit a school to retaliate, intimidate, threaten, coerce, or otherwise discriminate against any individual with respect to the implementation of the Clery Act.

This report includes statistics for the previous three years concerning reported crimes that occurred on-campus; in certain off-campus buildings or property owned or controlled by the school; and on public property within, or immediately adjacent to and accessible from, the campus (as applicable). The report also includes institutional policies concerning campus security, such as policies concerning sexual assault, and other matters.

Each year, an e-mail notification is made to all enrolled students that provides the web link to access this report. Faculty and staff receive a similar notification.

All prospective students and employees may obtain a copy of the report by e-mailing cturegops@ctuonline.edu.

IMPROVEMENTS TO ACADEMIC PROGRAMS

The school reviews its academic programs on a regular basis to ensure relevancy with current employment requirements and market needs. As deemed appropriate, the school may change, amend, alter or modify program offerings and schedules to reflect this feedback. If you have questions about this process, contact the institution's education department.

COPYRIGHT INFRINGEMENT

Students should be aware that the unauthorized distribution of copyrighted material, including unauthorized peer-to-peer file sharing, is subject to civil and criminal liabilities. Penalties may include monetary damages, fines and imprisonment. The school prohibits the use of its computers and computer networks for the unauthorized downloading and uploading of copyright-protected material, or for maintaining or storing unauthorized

copyright-protected material. Disciplinary action, up to and including expulsion from the school, will be taken against students who engage in unauthorized distribution of copyrighted materials using the school's information technology system.

Good health practices are encouraged for all students. However, the School does not require any specific vaccinations beyond those required by state and other laws as a condition for admission. Some programs may have specific requirements. Review the admissions requirements section of the catalog to determine whether this impacts your particular program. Students are encouraged to consult with their health care professional to discuss obtaining or updating vaccinations.
