Information about FERPA can be found in the University’s catalog located [here](#).

**Completion, Graduation, Transfer, Retention, and Placement Rates**
Each year the University publishes required student outcome information, including the following:

- the completion or graduation rate of its certificate- or degree-seeking first-time, full-time undergraduate students reported to the U.S. Department of Education via the IPEDS website,
- its retention rate reported to IPEDS,
- the types of graduate and professional education students enroll in after graduating from the University’s 4-year degree programs, and

**Improvements to Academic Programs**
The University reviews its academic programs on a regular basis to ensure relevancy with current employment requirements and market needs. As deemed appropriate, the University may change, amend, alter or modify program offerings and schedules to reflect this feedback. If you have questions about this process, contact the institution’s academic department.
Copyright Infringement
Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement.

Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or “statutory” damages affixed at not less than $750 and not more than $30,000 per work infringed. For “willful” infringement, a court may award up to $150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys’ fees. For details, see Title 17, United States Code, Sections 504, 505.

Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to $250,000 per offense. For more information, please see the website of the U.S. Copyright Office at https://copyright.gov.

The University prohibits use of its computers and computer networks for the unauthorized downloading and uploading of copyright-protected material, or for maintaining or storing unauthorized copyright-protected material. Disciplinary action, up to and including expulsion from the University, will be taken against students who engage in unauthorized distribution of copyrighted materials using the University’s information technology system.

The University’s online library offers subscription databases with copyrighted materials students can print, download, or email to themselves. Materials include print publications such as books, journals, magazines, newspapers, images, and videos. These materials are only available to authorized users authenticated through the student, staff, and faculty portals.

Vaccinations
Good health practices are encouraged for all students. However, CTU does not require any specific vaccinations beyond those required by state and other laws as a condition for admission. Students enrolled in the Master of Science in Nursing program (all concentrations) and the Doctor of Nursing Practice program will be required to provide proof of vaccinations prior to beginning the clinical portion of their program. Students are encouraged to consult with their health care professional to discuss obtaining or updating vaccinations.
Treatment of Federal Student Aid-Title IV-When a Student Withdraws

Requirements of 34 CFR 668.22
CTU follows the federal Return of Title IV Funds Policy to determine the amount of Title IV aid a Student has received and the amount, if any, which needs to be returned at the time of withdrawal. Under current federal regulations, the amount of aid earned is calculated on a pro rata basis through 60% of the term. After the 60% point in the term, a Student has earned 100% of the Title IV funds. CTU may adjust the Student’s account based on any repayments of Title IV funds that CTU was required to make. For details regarding this policy, please see the CTU catalog.

Campus Crime and Safety Information
The University prepares a report annually to comply with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) and Violence Against Women Act (VAWA). This report is prepared with information collected from local law enforcement agencies. Campus crime, arrest, and referral statistics within the report include those that were reported to local law enforcement and campus faculty and staff. A copy of this report is available for review at the following URL: http://www.coloradotech.edu/~media/CTU/Files/PDF/campus-security-report-cos.ashx

Drug and Alcohol Abuse Prevention Information
In accordance with the requirements of the Drug-Free Schools and Communities Act of 1989 (Public Law 101-226), and the Drug-Free Workplace Act of 1988 (Public Law 101-690), our University provides all students and employees with the following information concerning University policies and the consequences of the manufacture, distribution, possession, or use of any drug made illegal as a matter of federal, state or local law or the illegal possession and/or use of alcohol. Detailed information is included in the Annual Security Report, which is available on the website at the link in the previous section.
