2026 TUITION AND FEES SCHEDULE

NOTES:

1. Program tuition is charged per credit hour at the beginning of each term throughout the student's program. Each academic term is 10 weeks and includes two 5 week sessions. Students may be required to complete some coursework for their program via online delivery.
2. Total Program Cost displayed is based upon the total number of credits in a degree program. Fees charged by the University are included in the Total Program Cost. The total number of credits taken at Colorado Technical University may vary due to transfer credits, block transfer, repeated courses, or multiple concentrations. Students possessing an earned Associate degree from an accredited institution at the time of admission to Colorado Technical University may be eligible for a block transfer of credits into select Bachelor's degree programs. See the Degree Programs section of the University Catalog for descriptions of the degree programs.
3. The University reserves the right to change tuition and fees during the course of an academic year. As such, a student's financial aid packaging may be subject to adjustment to account for these monetary changes.
4. The Student Senate Fee supports all student activities, student organizations, resources for student needs, and the enhancement of external activities for students. This non-refundable \$5 fee is charged per term and is included in the Total Program Cost displayed above.
5. A non-refundable Student Setup Fee of \$170 will be charged per enrollment for all students in the first course, including those who seek re-entry to the University. The Student Setup Fee supports costs associated with the enrollment process, including access to the Student Portal and Virtual Classroom. Students utilizing VA education benefits will be exempt from this fee.
6. The Technology Fee is \$265 per term (non-refundable). The Technology Fee covers student access to and maintenance of the following University systems: intellipath® adaptive learning platform. This Technology Fee amount is applicable for new academic years starting on or after June 9th, 2026.
7. For students enrolled in the Associate of Science in Electronics Technology, Bachelor of Science in Computer Engineering and Bachelor of Science in Electrical Engineering programs, a \$1,100 non-refundable Engineering Fee will be charged to the student's account in the term in which the student is registered for the first engineering (EE) course and is displayed in the Total Program Cost. This fee does not cover the cost of these required items: safety goggles, one Phillips head screwdriver, one flat head screwdriver, and one set of needle nose pliers with side cover; it is the student's responsibility to purchase these items. Engineering students are also responsible for purchasing any replacement parts listed on the Engineering Parts List; this list is available to students to assist in purchasing replacement parts.
8. A non-refundable Graduation Fee will be charged to the student's account during their final term and is included in the Total Program Cost. In order to participate in a ground commencement ceremony, each eligible student must complete the entire graduation process by the published deadline. Students who fail to register by the deadline will forfeit the opportunity to receive regalia and participate in a ground commencement ceremony. Regardless of ceremony participation, all graduates will receive their diploma kit at their home address approximately 6-8 weeks following their final term (provided all financial and academic obligations are met).
